

THE WORLD OF CAGNEY & LACEY

**Viewing online, streaming, DVDs,
Episode Guides**

NOVEMBER 2022

DVDS

DVDs are available online through major retailers such as Amazon or Walmart. eBay has used DVDs as an option. The 40th anniversary set in the plastic box has the Pilot, Seasons 1 through 7 and the four Reunion movies. A few interviews and extra features are also included. A deluxe set comes in a pasteboard hinged box, but the DVD content is the same. They are regular DVD format, not Blue-Ray. Seasons 1 and 2 are widescreen, seasons 3-7 and the Reunion movies are 4:3 format. You may be able to present all as widescreen depending on your DVD player.

STREAMING on Smart TV or Streaming Device

Streaming is dependent on the country where you live. Most worldwide viewers report they can access the episodes at Archive.org – at the following link: <https://tinyurl.com/ycys5932>. This archive does not contain commercials and is presented in 4:3 original format. If your streaming TV or device has a browser, you can save the link as a bookmark to access the content.

Another option for the USA is Roku Channel*, a free streaming service. There are commercials. Seasons 1-2 are presented in widescreen format; the rest of the seasons and the Reunion movies are in original 4:3 format. The Pilot movie is not on Roku Channel. The Roku Channel typically downloads as an **app on your streaming device** such as a Smart TV, Amazon Fire or Roku Stick. You can also access Roku Channel through a browser at

<https://tinyurl.com/3khc7cxe>

Other options for streaming are YouTube (no season 2), FreeVee (various seasons), and Amazon Prime.

VIEWING ON COMPUTER/PHONE

From your Browser – Archive.Org at: <https://tinyurl.com/ycys5932> (Worldwide)

Roku Channel - <https://tinyurl.com/3khc7cxe> USA only

YouTube also has most episodes, Pilot and the Reunion movies. – <https://youtube.com>
